CARBON OFFROAD

Company Overview

PERFORMANCE-DRIVEN RECOVERY SOLUTIONS

Carbon Offroad USA is a U.S.-based brand dedicated to creating high-performance winches and recovery solutions, rigorously tested in extreme environments to ensure reliability in every adventure.

Mission and Vision

Mission

Our mission is to provide **reliable recovery solutions**.

Vision

We aspire to be a **trusted global leader**.

Quality

Our focus is on **innovation and exceptional value**.

Core Business Overview

What We Do

Premium Winches

We offer **high-quality winches** for offroad enthusiasts.

Recovery Gear

Our gear ensures **safe self-recovery** in tough situations.

Vehicle Support

We design products to **support various offroad vehicles.**

Product Categories Overview

Heavy-Duty Winches

Designed for trucks, providing exceptional pulling power.

ATV & UTV Winches

Lightweight units tailored for all-terrain vehicles.

Long Drum Winches

Enhanced rope capacity for extended recovery tasks.

Recovery Accessories

Essential tools to complete your recovery setup.

Product Details Overview

Heavy-Duty Winches

ENGINEERED FOR EXTREME RECOVERY SITUATIONS

Carbon Offroad's heavy-duty winches are designed for trucks and SUVs, with pulling capacities up to 20,000 lbs, ensuring reliable performance during offroad trails, overlanding, and utility vehicle recoveries.

ATV & UTV Winches

LIGHTWEIGHT, HIGH TORQUE, EASY INSTALLATION

Carbon Offroad's ATV & UTV winches are designed for **optimal performance**. Their lightweight construction and high torque ensure reliable recovery for recreational and utility vehicles in diverse environments.

Long Drum Winches

ENHANCED PERFORMANCE FOR CHALLENGING TERRAIN

Long drum winches offer **increased rope capacity** and superior heat management, making them ideal for difficult terrains and extended recoveries, ensuring reliable performance in the most demanding conditions.

Recovery Gear & Accessories

ESSENTIAL COMPONENTS FOR OFFROAD SUCCESS

Our **recovery gear** and accessories, including synthetic ropes, hooks, shackles, fairleads, controllers, and wiring kits, are specifically designed to work seamlessly with Carbon Offroad winches, ensuring optimal performance.

Product Features & Benefits

Key Product Features
